CARRER GUIDENCE AND COUNSELLING

Career Guidance and Counselling

Career Guidance and Counselling provide individuals with the knowledge, abilities, and experience to identify and inhibit down career alternatives before making a final decision and counselling student in academic and professional development which helps in their career augmentation. The career selection impacts social, economic, and emotional well-being. Career planning is a continuous process that includes self-reflection, inquiry, skill development, communication, and adaptability. By taking these steps, one can create a rewarding and successful career.

Objectives

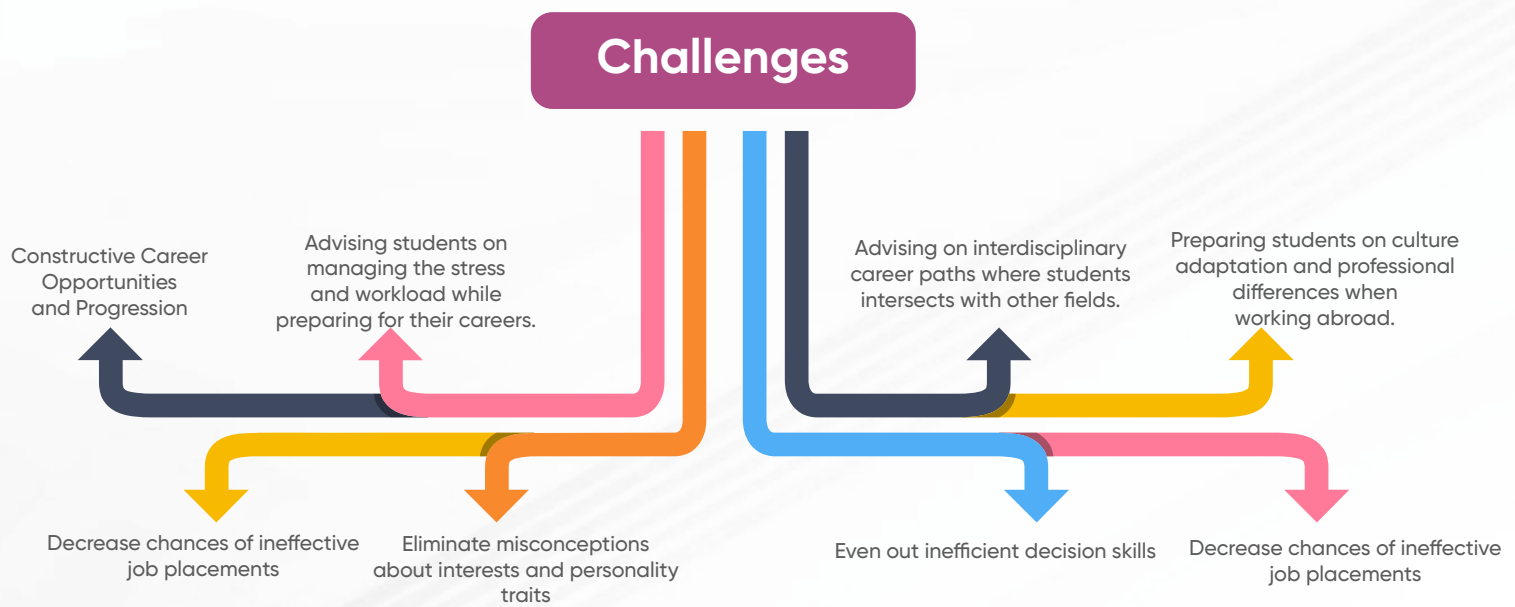

To assist students in acquiring the required knowledge, information, competencies, and experience to discover professional alternatives and restrict them down to a single choice. This professional choice has a long-term impact on their social, financial, and emotional well-being. The career guidance wing hosts seminars with internal and external resource persons to discuss higher education options in India and overseas, job possibilities, and industry skill set requirements.

Goals

The goal of career guidance and counseling is to help individuals make informed and meaningful career choices that align with their personal strengths, interests, and values.

Jaan Pahchaan

Jaan-Pahchaan is a unique program conducted at IARE for first year students to build ease with the Principal and get the opportunity to share their career options and learn from his ideology. The main objective of the exercise is to remove the fear and hesitation among the first-year students in approaching the institute administration, right from their initial days at the campus. This shall be conducted more rigorously during I semester and II semester immediately after admission.

- 1 Helping students understand their concerns .
- 2 Providing a safe place for students to share their thoughts and feelings.
- 3 Providing information on IARE procedures, process and external services.
- 4 Building adaptive skills to manage issues.
- 5 Offering a different perspective, which can help students think of solutions.

Darpan

Darpan is unique initiative of IARE, which enables students to plan their professional career right in their third year and then work towards their plans for the next year. Student are mentored on one to one basis to assess the SWOT (Strength Weakness Opportunities and Threats) analysis of individuals to improve their emotional balance and to overcome their weaknesses.

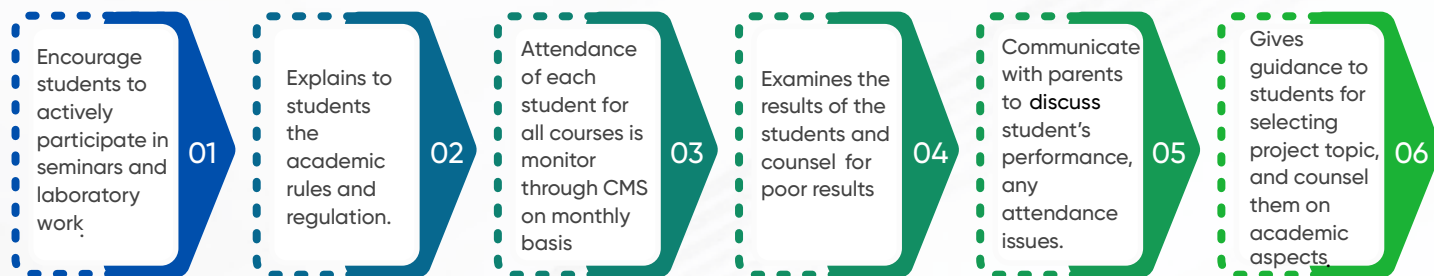

It is a goal setting exercise that helps to sharpen students' presentation and public speaking skills and make them confident in their spoken language skills. Students not only feel sure to talk and present themselves, but also thoroughly enjoy the sessions.

Personalized Mentoring System for Individual Growth

In all departments of the institute, mentoring is a continuous process where faculty mentors serve as a resource who will respond to student queries.

The dean of career guidance and counselling oversees the activities of the mentoring system. Mentoring activities are planned for Academic Growth, Professional Guidance, Career Advancement, Employability and all-round development of the student.

Understanding Common Psychological Problems Faced By Students

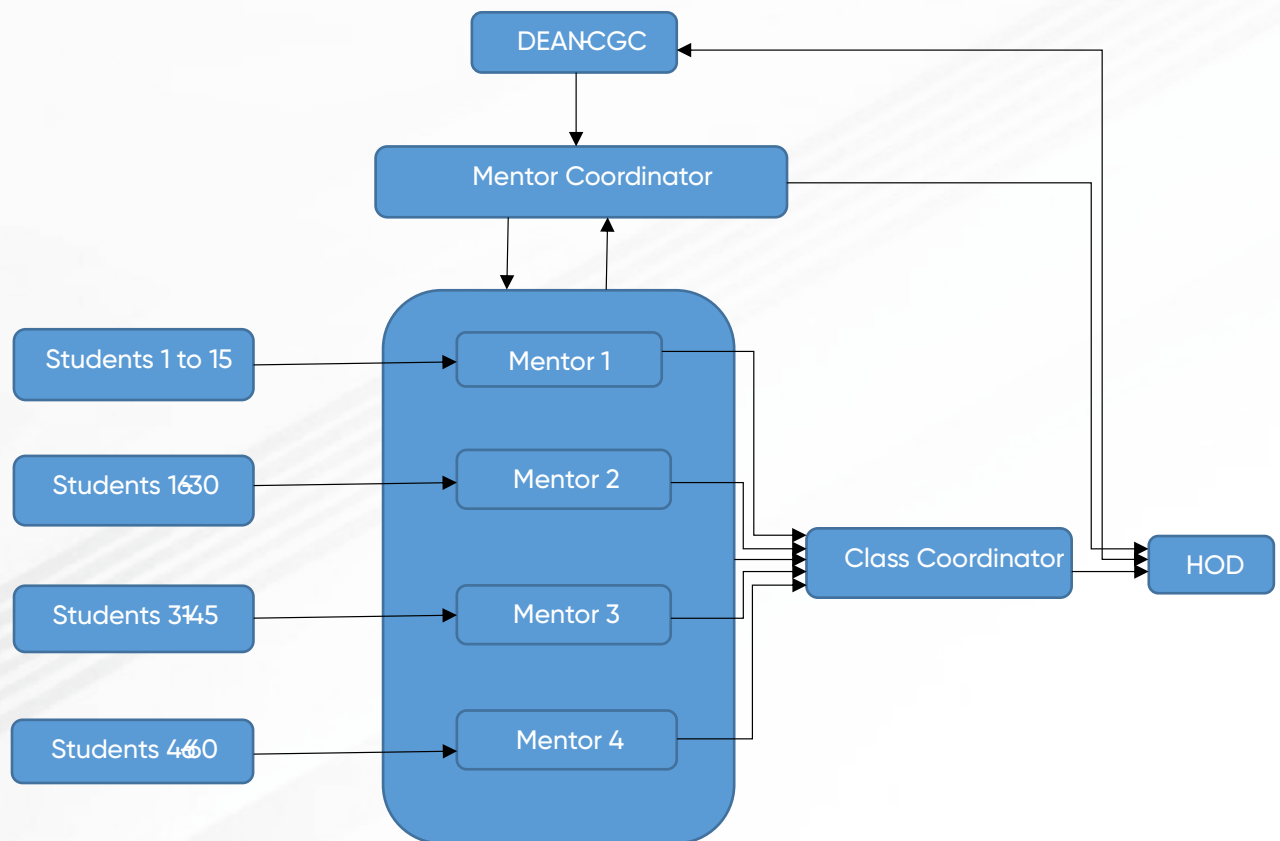

Student counselling plays a vital role in supporting students' mental health and well-being by addressing the common psychological problems providing them with the necessary help to overcome challenges and thrive academically and personally.

- ❖ Help students set achievable goals to avoid feeling overwhelmed.
- ❖ Use cognitive-behavioral strategies to challenge negative thought patterns.
- ❖ Discuss the importance of setting and respecting personal boundaries.
- ❖ Create a safe space for students to express their feelings and thoughts.
- ❖ Educate students on the risks and consequences of substance abuse.

The Dean of Career Guidance and Counselling takes the initiative to refer any psychological disorders noticed during the Jaan Pahchaan and Darpan programs to the appropriate committees, such as the IIC for girl students, the Anti-Ragging Committee, and the Grievance Committee.

Mentoring System in IARE

Career Guidance

Career guidance is a process designed to assist individuals in making informed decisions about their educational and professional paths. It involves helping people understand their strengths, interests, and values, exploring various career options, and providing the necessary tools and resources to achieve their career goals.

- ❖ Organizing programs to raise awareness about the value of higher education in India and abroad.
- ❖ Organize programs for competitive tests such as the CAT, GRE, and GMAT, as well as guide higher education.
- ❖ To plan and deliver a variety of personal development, soft skills, and communication skill programs.
- ❖ Arrange for Pre-Placement Training so that students may demonstrate their abilities at the interview.

Career Counseling

The career counseling wing helps students realize what he/she can do in their specialization. By counseling and supporting them to eliminate insecurities. Make them more confident to take decisions based on their interests, resulting in long-term contentment with their choices. Career counselling is a valuable process that helps individuals understand their strengths, interests, and opportunities to make informed decisions about their careers.

- ❖ The career counseling cell aims at enhancing the quality and skillful education for the students and endeavors to give the students full exposure and make them well-equipped to meet the demands of the competitive job market.
- ❖ Through Career counselors/ resource persons/ alumni with eminence, the cell tries to facilitate the students so that they can do self-assessment by identifying the right career option for him/her.
- ❖ The cell team keeps up to date with employment trends, news, and options to ensure quality advice to students.

Opportunities for Students

Students have a wide array of opportunities available to them across various fields like Higher Education (M.Tech / MS / MBA), Campus Placements, Public Sector Jobs, Research & Development, IT Sector, Innovation and Incubation, Entrepreneurship, Civil Services, Overseas Education etc.
