

# INSTITUTE OF AERONAUTICAL ENGINEERING (Autonomous)

Dundigal, Hyderabad - 500 043  
CIVIL ENGINEERING

## ATTAINMENT OF COURSE OUTCOME – ACTION TAKEN REPORT

|                      |                                   |               |             |
|----------------------|-----------------------------------|---------------|-------------|
| Name of the faculty: | Ms. Sri Poojitha                  | Department:   | CE          |
| Regulation:          | IARE - R16                        | Batch:        | 2016 - 2020 |
| Course Name:         | Engineering Geology<br>Laboratory | Course Code:  | ACE103      |
| Semester:            | III                               | Target Value: | 60% (1.8)   |

### Attainment of COs:

| Course Outcome |  | Overall attainment | Observation               |
|----------------|--|--------------------|---------------------------|
| CO1            | Classify rocks using basic geological systems for selective construction material.                   | 3.00               | Attainment target reached |
| CO2            | Compare past tectonic settings of an area for evaluation of current structures.                      | 3.00               | Attainment target reached |
| CO3            | Examine graphs and models used in structural geology for demonstrating stress, strain and tectonics. | 3.00               | Attainment target reached |
| CO4            | Identification and study of rock properties using geological selection.                              | 3.00               | Attainment target reached |
| CO5            | Apply the concepts of how minerals form and their uses for identifying the rock forming.             | 3.00               | Attainment target reached |
| CO6            | Interpret the geologic concepts and approaches of rock for engineering projects.                     | 3.00               | Attainment target reached |

Action taken report:

*Sri Poojitha*  
Course Coordinator

*Danny*  
Mentor

*J. R. Barad*  
HOD

Head of the Department
