

# INSTITUTE OF AERONAUTICAL ENGINEERING

Dundigal, Hyderabad - 500 043

## MECHANICAL ENGINEERING

## ATTAINMENT OF COURSE OF ICOME. ACTION TAKEN REPORT

Name of the faculty:	Dr. JSV Gopala Sharma	Department	ME	
Regulation.	1ARE - R16	Batch:	2016 - 2020	
Course Name	Business Economics and Financial Analysis	Course Code:	AUS015	
Semester:	V	Target Value:	60% (1.8)	

## Attainment of COs:

Course Outcome		Direct attainment	Indirect attainment	Overall attainment	Observation
COL	List the basic concepts of managerial economics and analysis, measurement of demand and its forecasting to know the current status of goods and services.	1.30	2,40	1.5	Attainment target not reached
CO2	Examine the production and cost functions with the help of mathematical equations and to know the economies and diseconomies of scale in manufacturing sector	0.60	2,00	0.9	Attainment target not reached
COS	Summarize the four basic market models like perfect competition, monopoly, monopolistic competition, and oligopoly to know the price and quantity are determined in each model.	0.90	2.00	1.1	Attainment target not reached
CO4	Compare various types of business organizations and discuss their implications for resource allocation to strengthen the market environment.	0.90	2.00	1,1	Attainment target not reached
COS	Analyse different project proposals by applying capital budgeting techniques to interpret the solutions for real time problems in various business projects.	0.90	2.00	1.1	Attainment target not reached
CO6	Develop the ability to use a basic accounting system along with the application of ratios to create (record, classify, and summarize) the data needed to know the financial position of the organization.	0.90	1.90	1.1	Attainment target not reached

### Action taken report:

- COL More assignments to be given on the basic concepts of managerial economics and analysis
- CO2. More problems to be solved on production and cost functions with the help of mathematical equations.
- CO3 More real time applications may be given on basic market models like perfect competition, monopoly, monopolistic competition, and oligopoly to know the price and quantity are determined in each model.
- CO4. Extra classes to be conducted on business organizations.
- ( ()5 More applications to be given on different project proposals by applying capital budgeting techniques.
- CO6. More problems need to be done on basic accounting system.
