STUDENTS WITH DISABILITIES

Institute of Aeronautical Engineering (IARE) is committed to providing for the needs of enrolled or admitted students who have disabilities under the act "The Rights of Persons with Disabilities (RPwD) Act", 2016. In general, institute calls for reasonable accommodations to be made for students with documented disabilities on an individualized and flexible basis. It is the responsibility of students, however, to seek available assistance at the institute and to make their needs known.

If you have a disability and will require academic accommodations while enrolled at IARE, please take this opportunity to self-identify to the Office of Student Services (OSS), room number: 1010. Please be advised, however, you must provide appropriate documentation of your disability and make an appointment with OS in order to be eligible for academic accommodations.

You may voluntarily complete this form, providing whatever information you think is necessary to begin the process of registering you with OSS for accommodations. Please ensure that you follow up with OSS prior to the need for accommodation.
